

The Control of Asbestos Regulations 2012 apply to employers, employees, self employed persons and duty holders. Regulation 10 of CAR states every employer must ensure that adequate information, instructions and training is given to employees who are liable to be exposed to asbestos. This course covers all areas of asbestos awareness and is designed for anyone who may come into contact with asbestos. Most commonly, that includes builders, plumbers, electricians, carpenters and other building related and maintenance trades.

- Accredited by RoSPA (**Royal Society for the Prevention of Accidents**) and IATP
- Developed by health and safety professionals
- Fully online course and assessment with no time constraints
- Full audio voiceover and high quality download
- Approximate duration: 1-1.5 hours
- Accredited system generated certificate received on successful completion

Course content - 4 short modules covering:

- Module 1: Properties and risks of asbestos exposure
- Module 2: Different types of asbestos
- Module 3: Avoiding the risks from asbestos
- Module 4: An outline of asbestos legislation

Assessment:

The online assessment is taken on completion of each module. The answers are marked instantly providing immediate results of the course. Review your answers at the end of each module before final submission. 3 attempts are available for each module to achieve a pass rate of 100%.

Training Outcome:

On successful completion attendees will have gained knowledge and understanding on:

- Recognising asbestos and areas of use
- Minimising the risks involved
- Legislation about working with asbestos

Recommended System Requirements:

- Operating System: Windows 7+ or Mac OSX (10.8+)
- Browser: A modern and up to date web browser
- Video: Up to date video drivers
- Memory: 2Gb+ RAM
- Additional Software: Flash Player 10+
- Download Speed: Broadband (3Mb+)
