

Abrasive Wheels

This course is perfect for anyone who uses abrasive wheels as part of their work activities. It provides a thorough understanding of the hazards and minimises the risks in use of an abrasive wheel, covering safety and identifying wheel types. This course covers the anatomy of an abrasive wheel, the associated dangers, storage, handling and much more.

- Accredited by IIRSM (**International Institute of Risk & Safety Management**) and CPD
- Developed by health and safety professionals
- Fully online course and assessment with no time constraints
- Full audio voiceover and high quality download
- Approximate duration: 1-2 hours
- Accredited system generated certificate received on successful completion

Course content - 11 short modules covering:

- Module 1: Introducing Abrasive Wheels
- Module 2: The anatomy of an Abrasive Wheel
- Module 3: The Dangers of an Abrasive Wheel
- Module 4: Abrasive Wheel Safety
- Module 5: Safe Speeds
- Module 6: Other Wheel Markings
- Module 7: Storage and Handling
- Module 8: Checking and Testing
- Module 9: Training and Certification
- Module 10: Inspection
- Module 11: Course summary

Assessment:

The online assessment is taken on completion of each module. The answers are marked instantly providing immediate results of the course. Two further attempts are available if the complete course is initially unsuccessful at no extra charge. **70% pass make per module.**

Training Outcome:

On successful completion attendees will have gained knowledge and understanding on:

- Common tasks using abrasive wheels and understand the risks involved
- Identify areas that contribute towards injuries and ill-health
- How to reduce the risk of injury and ill-health using an abrasive wheel
- Thorough understanding in the use of various abrasive wheels and various uses

Recommended System Requirements:

- Operating System: Windows 7+ or Mac OSX (10.8+)
- Browser: A modern and up to date web browser
- Video: Up to date video drivers
- Memory: 2Gb+ RAM
- Additional Software: Flash Player 10+
- Download Speed: Broadband (3Mb+)
